India 2024 Presented by 

B | Center for Universal Education
at BROOKINGS

A Multi-level Conceptualisation of Mentoring

Contexts of need

“For equity & inclusion in higher education, provide socio-economic & academic support ... **through counselling & mentoring programs**”...
(India’s National Education Policy 2019)

“Among the specific interventions under the vision are: establishment of youth centres, apprenticeship, **mentorship...**” (Kenya’s Youth Development Policy 2019)

“Strategic efforts need to be made toward promoting youth entrepreneurship... including through financial and material resources as well as **mentorship.**”
(Nigeria’s National Youth Policy 2019-2023)

Contexts of need vs communities of knowledge & practice

“For equity & inclusion in higher education, provide socio-economic & academic support ... **through counselling & mentoring programs**”...
(India’s National Education Policy 2019)

“Among the specific interventions under the vision are: establishment of youth centres, apprenticeship, **mentorship...**” (Kenya’s Youth Development Policy 2019)

“Strategic efforts need to be made toward promoting youth entrepreneurship... including through financial and material resources as well as **mentorship.**”
(Nigeria’s National Youth Policy 2019-2023)

“A comprehensive **meta-analysis** of all outcome studies of intergenerational, one-on-one youth mentoring programs between 1975 and 2017.. yielded a statistically significant effect of mentoring programs across all youth outcomes”
(Raposal et al 2019)

“Analyses of 48 mentoring studies of youth outcomes revealed the overall effect size of targeted programs to be more than double that of non-specific relational approaches”
(Christensen et al 2020)
